

**Everybody's Welcome** is one of the three projects which emerged from Listening 2004-My Family, My Church.

*'The challenge is to build highly supportive communities within our parishes for all of us, including our families'*

There will be three opportunities this year in Hallam for parish representatives to be introduced to resources to help parishes make 'everybody welcome'.

We would like to see at least two people from each parish.

If you would like to attend one of the events (all at 7-9pm) please tick which one and return the completed form to:
